

# 2007 RATES AND ALLOTMENTS GUIDE

## ADVERTISING RATE SHEET

---

*Rates for the new 2007 guide are listed here. Artwork for advertising must be turned in by August 15th, 2006 for publication.*

**The rate book traditionally is used and distributed to over 800 advertising agencies, specialty media companies, plant owners, support services, and advertisers nationwide.**

**Our purpose in publishing the guide is not for profit, but to recover the cost of publication, and to benefit the industry as a whole.**

**This year we are inviting companies from outside sectors to participate, however, we are offering first preference to ESOAA members and non-members who have advertised in the rate guide in the past.**
